PROFESSIONAL SUMMARY

Full-stack developer with 3+ years of experience building scalable web applications using Django, React, and Next.js. Skilled in cloud integration, API development, and DevOps practices. Passionate about building high-impact, secure, and user-friendly platforms.

TECHNICAL SKILLS

- Frontend: React.js, Next.js, Angular, HTML, CSS, JavaScript
- Backend: Django, Django REST Framework
- Databases: PostgreSQL, MongoDB, SQL
- DevOps & Cloud: Google Cloud Build, AWS EC2, CI/CD, Vercel
- Other Tools: GitHub, Framer

PROFESSIONAL EXPERIENCE

- Senior Software Developer, Nibe Space (Nibe Ltd.)

03/2025 – Present
Delhi/Pune

 - Architected and deployed internal tools and public platforms, improving accessibility and user experience.
 - Crafted a modern, responsive company website using Framer to enhance brand presence.
 - Integrated geospatial APIs and AI-based reporting for real-time satellite data processing.
- Web Application Developer, 360 Digital Transformation

06/2022 – 03/2025
New Delhi

 - Engineered a full-featured LMS and CMS using Django and Next.js, supporting over 500 trainers and students.
 - Streamlined backend operations through custom admin panels and REST APIs.
 - Implemented token-based security and scalable cloud architecture.
- Web Application Developer, Presage Insights

01/2022 – 06/2022
New Delhi

 - Developed Angular-based frontends and Django REST APIs for enterprise-grade content systems.
 - Maintained and optimized key features across multiple client-facing platforms.

PROJECTS

- Satellite Tasking System

04/2025 – Present

 - Designed a satellite tasking and result interface using React and Django, with BlackSky API integration.
 - Enabled AI-powered image reporting, task input, and secure access via JWT.
- BuyCommodity

11/2024 – 12/2024

 - Built user/admin dashboards integrated with the GST portal for real-time tax functionality.
 - Used Next.js and Django for seamless UI and backend management.
- GoSkillReady & Trainomart LMS

 - Developed LMS platforms for 500+ certified trainers with student/course management features.
 - Employed Next.js, Django, and AWS for deployment and scaling.

EDUCATION

- B.Tech in Computer Science, Malout Institute of Management & IT

2019 – 2022
- Diploma, Govt. Polytechnic College, Bathinda

2017 – 2019
